

Mercury Thermal System: -65 to 200 °C

FEATURES

- ❖ Ultra-fast transition times
- ❖ Single-stage chiller
- ❖ Coolant never > +10°C
- ❖ We've done hot chucks for 25 yrs.

BENEFITS

- ❖ Improved test throughput, time-to-test
- ❖ Simple, reliable, low MTTR
- ❖ No volatilization → No fluid loss → Save \$
- ❖ We know what we're doing
